

PAF® BFPO

Businesses use the **BFPO** address product to provide goods and services to more than **100,000** British forces personnel who serve overseas.

Many forces personnel don't have a permanent UK address.

This makes it hard for them to access services or to buy online.

BFPO postcodes help service personnel to maintain contact with home and to shop online

It contains details of over **700 BFPO** postcodes.

This data is updated monthly

It can be used with all **PAF** based solutions, and functions in exactly the same way as other PAF data.

BFPO ensures the accurate routing of commercial and personal mail.

The latest **BFPO** data is included with all PAF updates.

It enables businesses to enjoy the commercial benefits of trading with service personnel.

BFPO supports service personnel who are a long way from home.

To enable commercial services and to support British forces personnel and their families overseas, contact us:
